

May 20, 2020: District email

Please find some updates for today:

Playgrounds - Play Responsibly

In following the lead of our municipality partners, all school district playgrounds are now open to the public for responsible play. The district's outdoor green spaces remain open and provide a great place to keep kids active as well.

We encourage those who choose to use the district's outside spaces to follow best-practice protocol listed below:

- Stay home if you are sick
- Wash your hands frequently (wash hands before and after using playground equipment)
- Put 6 feet of distance between yourself and others
- Avoid touching your eyes, nose and mouth with unwashed hands

Summer Food Service Program (Starting the week of June 8)

After the school year ends, the district will continue to provide free meals for children through the Summer Food Service Program. The distribution and locations of the meals is dependent upon the most current orders from the governor and the Minnesota Department of Education. We will keep our community updated on our food pick-up model as we move forward.

Summer Programming

The district will be sharing information about Summer Programming with all families early next week.
